| General Comments   |
| <p>A Monitoring Inspection was completed this morning. Quality Assurance Monitor Cathleen LeBlanc and Inspector Kiesha Cobbett completed the inspection. The school aged children were on a field trip today. Upon arrival, the preschool children were playing upstairs. Preschool children and educators were later observed during outside play. Educators were observed helping the children with their sunscreen. The outdoor play area was observed. The monkey bars have been removed, as they did not meet regulations. The climbers have been spaced, and children are now permitted to play on them. A conversation was had with educators and operator regarding further outside changes, and how Application for Change documents would be required.</p> |
