<p>General Comments</p> <p>Renewal Inspection:</p> <p>Educators observed to be nurturing and responsive to the children's needs. Children observed in both inside and outside playing during inspection.</p> <p>Educators have created inviting engaging environments for the children to interact and explore in. Children's interests are supported by the educators with the addition of materials to support them in their interests: Example: 4year old room children are interested in Dinosaurs and educators have added books, toys, games and are going to be doing an "dig" with the children to enhance their learning of this current interest.</p> <p>Personal portfolios have been created for each child and are available for them to revisit and explore if they wish.</p>
