Comments: Deficiency is now compliant			

General Comments

Completed follow up to renewal inspection today. Observed the 2 year olds and infants engaged in outdoor play. Also observed infants eating lunch. Educators were observed to be engaged with the children at their level throughout the facility. Within the Bees (4-5 year old room) the children were dispersed throughout the room and engaged within areas of individual interest (playing dolls, reading books, pretend play, art area). Process of transitioning children between rooms was reviewed again today with educators to ensure that attendance sheets are completed properly going forward as this was noted on renewal inspection.
