General Comments
A follow up inspection occurred today. All orders for compliance were completed and the facility is recommended for license renewal. Discussed with Administrator and Educators in the 3-year-old and 4-year-old class about the time of day the children are now going outside. Educators indicated that the children are enjoying going outside later in the morning when all their peers are in attendance. The have also observed that the children are engaging in play activities more than when they would go outside earlier.
