Comments: Preschool room upstairs: The metal on the magnets set (with balls and pieces) has become rusty-to be removed/replaced. The Little Tykes large dump truck and bull dozer toys were observed to be unclean today-to be cleaned/sanitized. The cream colored area rug within the block construction area is stained and torn and fraying at one corner-to be replaced. The folding gym mats under the loft area are torn/frayed-to be removed/ replaced. The wooden unit holding dress up clothes is collecting dust/debris-to be cleaned.			

<p><b>General Comments</b></p> <p>Renewal inspection completed today. Screening was completed upon arrival to facility. Group logs are being completed as required. Advised director that temperature checks are no longer required. Staff on site were observed cleaning/sanitizing commonly touched surfaces throughout the morning. Discussed cleaning schedule with director on site. Hand washing routines were observed during today's inspection. Preschool group was observed engaged in various interest centers within their room. Children were observed building/creating, reading stories with their educators, and engaged within the creative art center. Other children were observed playing together within the shopping interest center engaged in conversations and dramatic play. The toddlers were observed to be engaged in sensory exploration (using sand and water) and also took advantage of the mark making opportunities within their environment. Bins and materials are labelled throughout the environments, providing opportunities for communication and literacies. The preschool group was excited to walk to Saint Rose school to use the playground today for outdoor play.</p>
