<p>General Comments</p> <p>The QAM monitored only the ASP associated with this licence. During the visit, the QAM was introduced to the operator and the educators in the additional learning environments and completed a tour of the facility.</p> <p>The QAM observed ASP children arriving from the bus and washing their hands as part of the arrival routine. Educators had prepared several activity invitations, including beading, general crafts, and a Valentine's Day craft. The learning environment was well-equipped with materials to support dramatic play, art, literacy, and block play.</p> <p>Educators reported that children have recently shown strong interest in dramatic play, particularly in creating restaurant scenarios and operating various pretend businesses.</p> <p>The child–staff ratio and the parent information board were reviewed and found to be accurate and up to date.</p>
