Comments: Deficiency is now compliant	50(2)	Feb 28, 2020	Aug 04, 2020

General Comments

Monitoring Inspection - COVID -19 Recovery Phase:

Children engaged in outdoor play this morning.

A healthy meal was served at lunch. Meals are now served in individual portions to limit who comes into contact with the food before it reaches the child.

Hand washing routines were observed when the children arrived from outdoor play.

All COVID-19 documents are being completed as required and maintained on-site. It is evident staff have been frequently cleaning play areas, high touch areas, washrooms and toys. Toys are being rotated and cleaned twice daily. All toys that are not easily cleaned have been removed from children's play areas.

Documentation is posted throughout the facility highlighting the children's play and learning at this time documentation posted should be in plastic sleeves or laminated so it can be sanitized twice daily with the other high touch areas.
