General Comments

for the children to explore.

Documentation is displayed throughout the learning environments that supports the current interests of the children. Some children in the Preschool Room were eager to tell the QA Monitor the story of how the church upstairs had a new stage built. The documentation that was displayed allowed the children to revisit their experience and show QA Monitor the photos and plans.

Hand washing routines were observed.

Diaper changing procedures were observed to be followed.

Monthly fire drills are documented.

Macaroni, lentil and vegetable casserole was served for lunch.
