<p><b>General Comments</b></p> <p>The environment is rich in materials based on the interests of the children. Children observed to be engaged within the learning centres. Educators interacting with the children at their level in a positive and respectful manner.</p> <p>Documentation throughout the facility supports the children's learning.</p> <p>Observation: A balance of indoor and outdoor play. Great additions to the outdoor play space.</p> <p>The indoor environment (equipment and materials) clean and well maintained.</p> <p>A gate has been added to the front deck to make an infant outdoor play area; however, the fence height does not meet regulation. Measurements of this outdoor play space is 1.30 m<sup>2</sup>; thus, allowing for only one infant at a time. Operator reports that this space will no longer be used for the children as of today (will be turned into staff space).</p>
