<p><b>General Comments</b></p> <p><b>Three/Four Year Old Room:</b> Children and educators engaged in dramatic play. Children are currently interested in the types of cars in the parking lot outside their window. Educators have added materials to support the children's interest in cars. The learning environment is well maintained and purposeful planning is evident throughout the room. The educators were brainstorming ideas on how to make dramatic play space larger as the children are very interested in this area. The educators in this room do a fantastic job at expanding and adding to the interests!</p> <p><b>Four Year Old Room:</b> Children engaged in play throughout the room. Invitations set up at the tables for the children to explore. Children were observed setting the table for lunch and serving their own food. Great to see open meal times!</p>
