General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including dramatic play, a dance party, outdoor play, gross motor play, songs, and stories. Educators observed using positive child guidance techniques with children by giving gentle reminders and redirecting children when needed.

Purposeful planning is evident through documentation, invitations and materials added to the environments that support the children's current interests (police, detectives, space and jungle). Children's open-ended art pieces are displayed throughout the rooms. Educators have added the children's words to their art.

Rice cakes and clementines were served for snack.

Monthly fire drills are documented.

New staff file (2) review was completed, all required documents are in place.
