General Comments

Monitoring Inspection with focus on supporting Fours Room.

Children and educators observed during outdoor play and transitions this morning. Children were observed exploring materials in the outdoor play area. Educators have set-up a variety of invitations for the children to explore freely.

The indoor play area is set-up with a variety of interesting materials that support the current interests of the children (jungle, rainforest, construction and building).

Garlic pasta with beef and cucumbers were served for lunch. A vegetarian option of the pasta was also available. Children were observed serving their meals independently with encouragement from the staff within the room.

Handwashing routines were observed after outdoor play and before lunch.

QA Monitor discussed with administrator Professional Learning - Tools for Inclusion for new Inclusion Support Staff.
