Order for Compliance	Regulation	Date to be corrected	Date corrected
28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act. Comments: Deficiency is now compliant	28(3)(a)	Nov 02, 2020	Dec 03, 2020
32(1) An operator of a licensed facility shall provide indoor play area materials and equipment that are (a) varied and in sufficient quantity for the number and ages of the children receiving services at the licensed facility. Comments: Deficiency is now compliant	32(1)(a)	Nov 09, 2020	Dec 03, 2020

<p><b>General Comments</b></p> <p>Completed follow up for renewal inspection today. Active screening is occurring prior to entry. Advised educator on site that temperatures are no longer required as per the latest COVID-19 Guidance for Early Learning and Childcare Facilities document (November 13/20). Each facility should have a copy of this document on site. Ensure all staff are familiar with this guide as well as the Changes in Directives for Early Learning and Childcare Facilities and Schools pertaining to the current Orange level. Advised educators that these documents are available on the Early Learning and Childcare portal. Discussed new cleaning chart that can be found within guidance document to reference cleaning/disinfection guidelines for specific materials.</p> <p>Improvements were noted with respect to creative art materials and these were accessible for each group today. Educators should continue to set up the environment according to the children's interests and use these topics of interest to guide their planning. New documentation was posted within the room displaying the children's creations. Discussed ideas for additional possible activities and materials (sensory materials, modelling clay, slime recipes and ingredients, etc.) that can continue to be added to the environment.</p> <p>All orders for compliance have been rectified.</p>
