Comments: Deficiency is now compliant			

General Comments
Licensing staff arrived at the licensed facility on March 6th, 2023 to conduct a follow-up license renewal inspection.
All classrooms were very clean and had invitations of play for the children when they arrived this morning. The children were observed playing, laughing and engaging with their educators. When the children arrived first thing, they had some play time in the main gym. At approximately 9:15am the children broke out into smaller groups.
All classrooms were free of mouse feces.
Licensing staff is recommending this license for renewal.
