General Comments
<p>The Quality Assurance Monitor is on site for a Monitoring inspection. The ratio was respected at the time of the visit.</p> <p>The QAM had a discussion with the administrator regarding designation requirements. The administrator informs the QAM that all educators are up to date with the professional learning hours, the parent committee members are having their meetings and the QIP is up to date. With that, all designation requirements are met for the renewal of the license.</p> <p>During the visit, the QAM observed lunch time. Positive interaction between staff members and children were observed, such as staff getting to children's level when interacting.</p>
