General Comments

A renewal inspection occurred today, November 25, 2024.
The children were observed arriving from school, handwashing, playing in the field adjacent to the centre.
The children were observed having snack outside in the covered picnic area, playing soccer, digging in the sand, playing in the puddles, utilizing the stationary equipment and interacting with their peers.
All staff and operator files were reviewed and verified completed and update to date.
All indoor learning environments have a wide variety of age-appropriate materials for the children to interact and engage with.
Children's learning is documented and displayed on the walls for them to revisit at their leisure. A visual daily routine was observed showing pictures of the children participating in the daily activities.
Positive child guidance was observed between the Educators and the children. Educators were observed re-directing negative behaviors appropriately.
Discussed with on-site Administrator a checklist for the community playgrounds/fields that they use to check for hazards.
Facility is recommended for license renewal.
