39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Apr 07, 2022	Apr 07, 2022
Comments: Some cleaning products were found in the upstairs kitchen area. All chemical products must be locked away. Operator immediately placed them with the other locked products. Deficiency is now compliant			
40(1) An operator of a licensed facility shall ensure that personal belongings of a child receiving services at the licensed facility that are brought to the licensed facility, including combs, brushes, toothbrushes, towels, washcloths, bedding, pacifiers and soothers, are (a) labelled with the name of the child.	40(1)(a)	Apr 14, 2022	
Comments: Two water bottles in the Preschool group were not labeled. All personal items must be labeled with the child's name			

<p>General Comments</p> <p>The Quality Assurance Monitor is on site for a monitoring inspection. During the inspection the Quality Assurance Monitor was able to observe the children during free play, during circle time and during transition periods. The Quality Assurance monitor observed a circle time discussion in the preschool group and in the upstairs afterschool group was also observed. The educators were activating the children's prior knowledge and generating new interests to lead them to a planned activity. The afterschool circle time activity also promoted positive relationships amongst the children. The Quality Assurance monitor had a discussion with the Operator about consistent class management strategies and positive child guidance</p>
