General Comments

Telephone Monitoring Inspection. Application for Changes to be submitted prior to summer closure.

The Director, Allison Butcher shared stories about the activities and interests of children that were recently explored. She also shared about a project with a community partner that has enriched the children's lives by making the facility's literacy resources available to families.

The Educator's enthusiasm for children's learning was evident as Allison described an experiment that didn't go as planned. With a variety of accessible materials, the children were inspired by the challenge of finding solutions and understanding the possibilities. Providing time and space in an open and flexible environment allowed the children to experience the joy of discovery and of a challenge.
