General Comments

The Quality Assurance Monitor is on site this afternoon to conduct a monitoring inspection.

The following element were verified:

- Staff member records
- Qualifications and training
- Checks
- Administrative records maintained on-site
- Medication records
- Medications
- Health

The Quality Assurance Monitor observed that the educators were using an attendance sheet that was not the official government-issued form. The administrator explained that this alternate sheet is used for transportation purposes. Upon arrival, the information is transferred to the main clipboard, which contains the daily attendance sheet. The administrator also confirmed that there is one designated educator in the hallway responsible for monitoring, signing children out, and maintaining the required staff-to-child ratio.

During the Monitoring Inspection, the transition from school to outdoor play, gym activities, arts and crafts, and learning a new language on Duolingo was observed.

The Ratio is respected during the monitoring inspection.
