General Comments

The Quality Assurance Monitor is on site for a monitoring inspection.

The following elements were verified at the time of the visit:

- Child-to-staff ratios
- Administrative records maintained on site
- Daily programming
- If all required documents are posted in a visible and prominent place in the facility

The facility implements an inclusive daily program which contains a variety of purposely planned activities, opportunities and experiences.

All required documents are posted on the parent board at the entry of the facility. Parents, staff members and anyone entering the facility are aware of the licence status and any terms and/or conditions of that licence.

The Quality Assurance Monitor was able to observe indoor free play and the reading of a St Patrick's day story. Children were also observed building a trap for the leprechauns.
