Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

General Comments The Quality Assurance Monitor is on site in the afternoon to conduct a monitoring inspection. The ratio was respected during the visit. The following elements were verified: - Daily activities - Daily routine - Indoor play area and material - Rest Area - If all required documents are posted in a visible location in the facility - Child records - Signed consent in the child's file - Checks - Staff members records - Qualification and training - Administrative records maintained on site The Quality Assurance Monitor had a discussion with the operator regarding naptime. The operator confirmed that children do not sleep for more than two consecutive hours. The Quality Assurance Monitor also had a discussion with the operator regarding designation requirements. The operator confirmed that the Quality Improvement Plan is current and that the required 10 hours of professional learning for the current renewal year are in the process of being completed. The Quality Assurance Monitor observed the children engaged in creating an apple pie craft and then transitioning to eat their morning snack, cereal with milk was served. The children were also observed participating in cleanup activities after snack, including sweeping the floor with small brooms and cleaning the tables with cloths. The children then transitioned to the outdoor play area, where they and the operator were

General Comments

observed picking tomatoes, from the garden. Positive interactions were observed between the operator and the children throughout the visit.
