General Comments
<p>The preschool children had their picture taken in the morning. Inspector observed snack time, lunch time (ham, potatoes and carrots) and nap time with the preschool children. A preschool group made Fall crafts using dried leaves.</p> <p>The afterschool children played outside, came inside for snack and have a planned activity with pumpkins.</p> <p>Inspector discussed with the administrator regarding pea gravel in the afterschool playground. It needs to be raked before being used as the depth of the protective surface is not respected where the fall zones are. Administrator confirmed that the children won't be using the stationary equipment this afternoon and it will be raked in the morning. Inspector encouraged to occasionally rake the pea gravel to keep the surface even.</p>
