<p>General Comments</p> <p>Observed outdoor time, the educators and children spent the whole afternoon outside. The children benefit from the fresh air and exposure to nature. Children played on the stationary equipment and played group games. Supervision and child guidance was positive. Staff circulated in the area and intervened as needed to facilitate small disagreements between children.</p> <p>Quality Assurance Monitor had a discussion with the Administrator about her first aid certification. Administrator doesn't work with the children however, on occasion, she may be called upon to supervise children and therefore a valid first aid and CPR certificate is required.</p> <p>Reminders: The children on this licence arrive late and may not always be present for the building's fire drills. Operator must ensure that this licence receives monthly fire drills. Will verify at next monitoring inspection.</p>
