General Comments
<p>When I arrived at the home facility the children were in the outdoor play area. One child was relaxing in the hammock. Two of the children were playing and the swing and slide set. The fourth child was sitting at the table with the operator.</p> <p>During the visit the children had snack and they all wanted to draw pictures. The operator brought out paper, markers, pencil crayons and scissors for the children.</p> <p>The operator is very interactive with the children. The asks many open ended questions to create discussion among the children.</p> <p>The operator is in process of spring cleaning. She will be raking the protective surfacing to ensure proper depth is maintained and she also plans to remove of the barrier boards around the protective surfacing that are starting to deteriorate.</p>
