General Comments
Licensing Staff arrived at Back Yard Treasures to conduct the Renewal Inspection. Upon arrival, the children were engaged in free play and helping the Operator decorate the classroom for Halloween. The indoor environment was welcoming and organized, with each child having a labelled hook in the entrance for their backpack and other personal belongings. This morning the children showed an interest in imaginative play, lining up chairs and pretending they were on a train. Other children and the Operator joined in as the group pretended to travel by train to a pumpkin festival. Shortly after, the Operator set a five-minute timer for cleanup time. The children worked together to put away the toys before gathering on the carpet with the Operator. The group sang a welcome song and several other songs before listening to the Operator read "The Fierce Yellow Pumpkin." Following story time, the children were observed washing their hands for morning snack. The Operator sat with the children as they ate and engaged in conversation. After snack, the tables were cleaned and the children washed their hands and faces before gathering at the table for a colouring activity. A variety of materials were available for drawing and mark-making. As the children finished their artwork, each child got to choose two stickers, one to place on their artwork and another to wear on their hand or shirt. Later on, the children chose to use wooden blocks to build towers and a house before pickup time. Families were greeted as they arrived. The Operator was observed interacting warmly with the children throughout the visit, and it was evident that positive relationships had been established with both the children and their families. Positive child guidance was observed throughout the Renewal Inspection. The Operator was patient, kind and actively engaged with the children. Staff and child profiles were also reviewed during today's visit and contained all required documentation. Licensing Staff recommends for Renewal.
