General Comments
<p>The Childcare centre is screening properly upon entry. The program is working well. The staff are scheduled for First Aid training in December and Tabatha will send me their new certificates when they are completed. The 2 year olds were having lunch, they are separated into smaller groups which are working well. The 3's were also in small groups and half the 4's went swimming and the other half were engaged in activities in their room.</p> <p>Tabatha and I reviewed all staff information and everything is up to date. We reviewed the incident that resulted in a hair line fracture and all protocols were followed correctly.</p>
