General Comments							
On the day of my visit the children were very calm and the resource room that they use is well set up for the children's need. I was properly screened upon entry to the program and Krista and I discussed the new screening protocols that came out on November 13, 2020. The dividing curtain for the gym has not arrived and they are not using the gym at all yet. Snacks are coming from home at this time and Krista is doing all her classroom cleaning.
