Name of Early Learning and Childcare Licensing Staff Susan Dickeson		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

On the day of my visit I was screened at the door to the school upon entry. Krista uses quat to clean the classroom before the children arrive. Today everyone washed their hands, had snack and then washed their hands again. This attention to hand washing and cleaning will help in preventing the spread of germs and outbreaks.

Krista has her schedule made for the month of June and today's activity was making Art with glue and string. The children bring all their food from home. After their activity everyone went outside to play. They have some new supplies for outdoor play which includes hula hoops and shovels and buckets along with the balls that they already had. Krista's cart is broken and needs to be fixed immediately, as there is still a month left of school and their supplies need to be in the classroom everyday. She is using a smaller cart that does not permit as much variety in toys as required. Any relief staff need to make sure they bring their complete file with them to every site.
