General Comments
<p>Monitoring visit performed. This is my first visit since the new Administrator started working at this facility. Covid guidelines were followed and screening of licensing inspector took place. Administrative records were reviewed and all in order. See note above regarding tracking staff attendance. I also reviewed new staff information.</p> <p>Last fire inspection was completed on May 3/21. Please ensure this is completed monthly.</p> <p>No illnesses recorded and educators diligent around cleaning of toys and equipment.</p> <p>Operator has delegated responsibilities to staff. I believe this is a good practice and makes the staff feel they belong and also play an important piece in the operation of the facility.</p> <p>Shade is a requirement for the outdoor play area - as stated above please ensure this is in place by tomorrow and email me pictures so I can verify this compliance has been addressed. Thank you.</p> <p>I observed all children getting ready to go for a walk this AM with exception of the toddlers who played outside.</p>

General Comments

They enjoyed a water activity and staff were observed engaged with the children. The pergola is lovely and also provides a relief from the heat.

Please post children's programming at their eye level so they can reminisce

Sweet and sour pork, rice, mixed vegetables, and milk for lunch.

Storage of cleaning products must be under lock and key. These products were moved during my visit.

I will forward an exemption form and an Application for changes as per discussed.
