<p>General Comments</p> <p>Monitoring visit performed. Covid guidelines were being followed, daily log sheets completed and the licensing staff was screened. As stated you can purge the daily log sheets used for contact tracing from March back. Administrative records were reviewed - attendance, fire drills, incident reports are also documented and signed off by parents so they are aware. All these records are in order. Children were finishing snack upon arrival and having some free play opportunities. I observed educators engaged and involved in children's play. Educators were warm and spoke kindly to the children and provided hugs and assistance with play. Children were observed in outdoor play during my visit. One staff is scheduled for First Aid on May 8 & 9 and also registered for the 90 hour Intro to ECE. Please keep the confirmation in the staff file. Thank you. Please keep papertowel in a dispenser. This facility will be making changes to its service. The facility will be moving to a school age group commencing the end of August and parents have been made aware. Children currently at this service will be relocating to the other licensed facility that also services 0- 12 years. Licensing staff has emailed the application to the operator for this change to service.</p>
