<p>General Comments</p> <p>The children were engaging in activities inside due to the rain on the day of the license renewal inspection. Licensing staff observed the children engage in many activities. The play materials that licensing observed the children playing with was: "Lego", "Kapla blocks", "Nanotopia" and drawing on paper with Crayola markers, just to name a few. The educator was very engaging with the children and was heard extending the learning experience. Licensing staff heard the educator asking the children, who drawing with the Crayola markers, what they were drawing and the child said he was drawing a planet. The educator asked which planet and the child responded by stating he was drawing Pluto. The educator then asked the children if they knew the names of other planets. Well done!</p> <p>The educator and all children went outside to meet the older children coming off the late bus. Once the older children arrived at the centre the children and educator went back inside, washed up and had their snack. Once the children were finished their snack and then went outside to play.</p> <p>The outdoor play environment is full of all natural materials and has lots of play materials available to the children.</p> <p>Please ensure the mulch located underneath the Ninja course is raked up on a regular basis as it can become packed down.</p>
