### General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival the Educator was waiting at the bus stop for the children. The Educator had the attendance binder and First Aid Kit with them. Educator was seen signing the children in, before bringing the group inside to wash their hands. Once all children had washed their hands, the group brought their belongings outside for snack time and free play.

Outside the children were engaged in a game of football. A few children sat on a patio swing and watched the game. Positive child guidance was observed during today's visit. The Educator was involved in the game and was heard cheering for children on both teams. The Educator often checked in with the children who were not playing football to see if they wanted to join in at any time. Water bottles were filled and brought outside. The game was paused for half time, where the Educator encouraged the children to have a drink of water.

In the outdoor play area, there were 3 large bins with materials for the children. They have access to hockey nets, hockey sticks, helmets, balls and a large Connect 4 game. Inside the rooms are clean and organized. In one room there is a large table and display of Lego creations. There are pictures of the children with their peers posted near the cubbies and artwork was on display. The Parent Board is organized and visible as soon as you enter the facility.
