General Comments

On the afternoon of the inspection, the afterschool program was running very smoothly. Administration and educators show excellent communication and teamwork.

Transitions like "Boom, Clap, Snap" are used effectively with children and only positive guidance techniques were observed.

All groups had snack and today snack was apples, clementines, granola bars and water. Please remember to have all children wash hands prior to eating snack.

All children had the opportunity for outdoor play time, organized games, choices for free time and positive interactions with staff.

One group was observed playing a cooperative alphabet game in the back room and educators watched for cues for when the children were ready for a different activity and followed through with taking them outside to play basketball and on the equipment.
