Comments:			

General Comments
<p>Due to the winter season, it is understood that work to secure the cylinder that covers the well cap may not be able to be completed. After consultation with the Licensing Manager, it was determined that the cylinder provides appropriate coverage but must be secured so that children cannot tip it over.</p> <p>Licensing staff can recommend facility for licensing with the intent that the cylinder will be secured in Spring. Please see inspection report for compliance date.</p> <p>All other compliances have been met.</p>
