General Comments

When I arrived the children were all enjoying their outdoor playtime. I observed the 2 year old group playing in the cars and running on the grass while a couple were sitting in the shade under the trees.

The children went into the center to prepare for lunch. The children washed their hands and went to the table for lunch. The menu was spaghetti, waxed beans and whole wheat bread.

There is an abundance of materials for the children to use, both inside and outside.

There were 3 school aged children in attendance as well. They were outside. 2 were playing soccer while the other one was searching for spiders.

The center was smoothly and there was good communication among the educators.
