Address 5 Maple Leaf Dr Lincoln NB E3B 7G9			
Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Inspector, Nancy Glendenning Conducted annual inspection with Quality Assurance Monitor, Troy Williams. Measurements of preschool rooms were also taken at time of visit.

The NB curriculum Framework is evident throughout the facility. There was evidence of learning stories, artwork, charts, and descriptive words to describe pictures and items in learning centres. Educators strategically put books in learning areas to complement specific centres like the one we saw placed in the block centre. Recipes were also placed in dramatic play.

Educators were able to demonstrate that a preplanned program has been developed and they stated that the ideas are based on what the children would like to learn and are interested in.

All documentation was easily verified for licensing purposes. The files are organized and complete.

Please ensure that the nap room is not being used for extra storage. All shelving must be secured to the wall and ensure that the cribs are not too close to the shelves in case something was to fall down on top of a child.

Licensing staff can recommend facility for licensing.
