General Comments

Met with Operator to discuss enrollment issues on the portal. Operator explained that on the operator portal there is no flexibility with preschool numbers. It is broken down to individual age groups which can make enrolment of the children difficult as they age out of one classroom and move to another.

Due to being short staffed on the day of the visit the operator was closing the two year old room in order to maintain proper ratio. Parents were notified to come pick up their children.

During the discussion with the operator, singing and laughing was heard throughout the center.
