Address 5 Maple Leaf Dr Lincoln NB E3B 7G9			
Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

The facility is set up with many different learning areas and they have a variety of materials available to the children. These include learning centres and materials such as a variety of blocks, cars, legos, animals, books, a music area, dramatic play, a doll house, dress-up clothes, a kitchen area, loose parts and Art to name a few. Indoor and outdoor play was evident at the time of visit.

Educators are journaling to provide a pre-written program in each of the classrooms. Children's art activities and learning is posted on the walls. The educators are taking pictures, writing learning stories, and also using the program See Saw to keep the parent(s) informed of their child's day.

The children in the school-age room are in the process of building a new Barbie house as the one that is currently in their room is deteriorating. The educator in this room engages this age group in bigger projects reflecting whatever the children are interested in.

The menu was being followed at time of visit. The children had fish sticks, rice, carrots and milk for lunch at the time of visit.

Children are being signed in as they arrive and depart from the facility. The Infant / Toddler sheets are being filled out as the day progresses. All documentation for licensing purposes such as medication records, potential illness and exclusion forms and incident records are being filled out and kept on file for each child.

Please note that my number is now (506) 429-3091 and your bulletin board should reflect that change.

Licensing staff can recommend facility for licensing pending a current Fire Inspection.
