### General Comments

Children were engaged in free play activities as morning snack was being prepared. Morning snack was rice crispy cereal with milk.

After snack the children prepared for outdoor play time. The afterschool children went for a walk to the beaver pond. The four-year-old group played on the swing and looked for worms and bugs. The two and three-year-olds spent most of their time digging in the sandbox.

Children came inside for lunch, which consisted of bagels with cream cheese, bananas and milk.

The operator has hired a summer student to help with deep cleaning of all the rooms in the facility.

Monthly checklists are being completed.

Staff files were reviewed. All contained the required documents.

It's recommended that the play materials in the outdoor play spaces be checked and that any broken or worn-out toys be discarded and replaced with new ones.
