Comments: During the follow-up inspection, the 3-year-old classroom was observed going outdoors. Due to the colder weather, the children were outside for only a short period of time. As per section 7.2 Daily Routine and page 52 of the Operator Manual, all children, including infants, are expected to play outside each day. Where the outdoor play space is sheltered from the direct wind, Educators may alter outdoor play time. It is also important that Educators model appropriate outdoor dress and routines for children by wearing hats, ski pants, mittens and warm boots. Deficiency is now compliant			

General Comments
During the follow-up inspection ratio was taken by Licensing staff in each classroom. Headcounts were observed prior to children leaving the main entry of the facility for a multi-class field trip. Licensing staff recommends for renewal.
