Address 262 St. Mary's Street Fredericton NB E3A 2S4			
Name of Early Learning and Childcare Licensing Staff Joanne Voyer Page		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p>General Comments</p> <p>Monitoring visit performed. No compliances at this time. Covid guidelines were followed - screening taking place, daily log sheets completed etc. This facility is meeting the training requirements as per Reg 11. I discussed Operator arrangements of meeting the requirements for outdoor play area as noted on the annual inspection report- whereby the inspector noted that additional protective surfacing is required around the rock climbers. The Operator has decided to remove the climbing feet from the structure and use as a house or tunnel structure for children to crawl through. Protective surfacing would not be required in this case. Administrative records were reviewed during my visit- attendance and infant/toddler record sheets are being completed daily, Fire drill last performed in March and performed monthly, incident reports are being documented and new staff records were reviewed and all in order. Appropriate child guidance practices observed. Lots of interaction observed, assistance provided to children when required and educators observed speaking kindly and seen reading to the children. Children were observed playing cooperatively indoors and during outside play making mud cakes, observed eating lunch and going down for a nap. It is a great practice to observe an educator sitting down and eating lunch with the children and participating in conversation. Programming that is posted throughout the centre is current. School age children are into Lego at this time and enjoy being creative. Toxic products were locked during my visit.</p>
