| General Comments |
| <p>Upon my arrival, the 4-year-old group was inside playing. Children were observed playing with trucks, cars and wooden bridge pieces. Later in the morning, the children joined their friends outside to play.</p> <p>Educators informed me that where there mornings are starting off cool and dark, they have been beginning their day inside, having morning snack, and then going outdoors to play. Since my inspection date of September 28th, there is new child artwork and learning stories on display throughout the facility.</p> <p>Child ratio was recorded, and all required documentation was present in a new Educators file.</p> <p>Licensing staff recommends for licensing pending Fire.</p> |
