General Comments
<p>Monitoring inspection performed.</p> <p>Many new staff hires since my last visit to the service. Some staff are currently enrolled in the ECE certificate program and other staff need to be registered for the 90 hour intro to ECE. I sent the department the daycare information so they will forward you the registration for. The Administrator has been in this position since October. Her documentation of records is tracked, easily accessible, neatly organized, stored securely, and completed on a monthly basis.</p> <p>Covid guidelines were being followed on the day of my visit and appropriate screening protocols followed prior to entry of essential workers when prompting newer staff. Please review entry protocols with staff so they are aware. I would recommend posting the center telephone number at each entrance for easy access for visitors. Staff are tracking class daily log sheets and staff are wearing masks as per the requirements. Please remind staff to add their last name to the daily log sheet. Thank you.</p> <p>Children are happy, and enjoying their morning routine with their friends. The toddlers were involved in a painting activity and the older preschoolers were involved in a sensory activity playing with spaghetti.</p> <p>Administrative records were checked and all in order.</p> <p>Educators were observed engaged and being attentive and providing assistance to children.</p>
