General Comments

Children were engaged in free play at arrival. Many children were dressed up and a large dress-up area is highlighted in the room. Children have a interest in unicorns and one educator sat with children to color and create unicorns. The other two educators were engaged in play in the block corner and kitchen as well as preparing for library,
Two grade nine students were present for bring child to work day.
Children enjoyed saying each other names and finding colors in the room at circle time then they lined up to get snack bags. Children were familiar with the routine of washing hands before snack.
Today is library day so after snack and some more play, everyone headed to the library for story time and the opportunity to bring a new book home.
The outdoor toys are kept in the classroom by the outside door but the gym storage area may be a better space.
