<p><b>General Comments</b></p> <p>Upon arrival children were engaged in a variety of activities. Educators were all in different areas of the room engaged in play, talking and interacting with the children at their level. There is a variety of learning centres set up in the classroom allowing for free choice and different experiences.</p> <p>Educators were seen being very supportive of the children offering gentle reminders and redirection when needed.</p> <p>Educators had invitations for play set up at the tables and the preschool children moved freely between activities. Children seemed to transition well between play, snack, circle time, outdoor play.</p> <p>The K-2 group arrived at 1:30 and educators also had invitations for play set up for this age group.</p> <p>All documentation for licensing was easily verified. Facility is still missing criminal record, vulnerable sector and social development checks for the board members as discussed with administrator.</p>
