<p>General Comments</p> <p>The children are very comfortable in the facility and are familiar with the routine of the centre. This was noted on the walk to the park. The children would stop at certain locations and wait for everyone to catch up.</p> <p>There is an abundance of materials for the children to enjoy. The children move freely throughout the room to participate in the various activities.</p> <p>The operator is very kind and patient with the children. She engages in conversation and activities with every child while at the same time creates activities that follow the interest of the children.</p> <p>Everything was in compliance during my visit. I recommend the facility for renewal.</p>
