Name of Early Learning and Childcare Licensing Staff Troy Williams		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Children's colorful artwork is displayed throughout the room. There are a variety of materials and activities for the children to learn and explore with. The operator actively participates in activities with the children and follows the lead of the children. This week there is big interest in lego. The children have built and created their own lego games. There are currently 6 separate lego games set up on the tables. The doll house is another popular spot this week. The doll house has extended to the bookshelves to have different shops and stores to the area. The third area of interest this week is a "Fun School". There is a whiteboard, teachers' desk, sitting for the students. The children have created their own worksheets for the school as well. The operator was observed playing games with the children, checking on each group to see what they are doing and asking questions about the activity they are participating in. There is definitely a mutual respect between the operator and the children.
