12(3) An operator of a licensed facility shall ensure that a criminal record check or a vulnerable sector check, as the case may, and a check with the Department of Social Development is conducted on each staff member and associated person at least every five years.	12(3)	Oct 10, 2023	
Comments: Licensing staff observed one existing staff's SD check had expired in September. The Administrator had the educator sign the form to be sent to SD for processing.			
28(2) An operator of a licensed facility shall carry out emergency evacuation and fire drills monthly.	28(2)	Sep 14, 2023	Sep 08, 2023

28(3) The premises of a licensed facility shall comply with (b) codes and standards under the Fire Prevention Act.	28(3)(b)	Sep 29, 2023	
Comments: Licensing staff observed that electrical cover plates were missing in the back entryway - switch and receptacle plates. Please reinstall as per Fire Inspector order.			
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Oct 10, 2023	
Comments: The protective surfacing under the large play structure needs maintained. The surface surrounding the play climber is hard. Please have the pea gravel tilled to ensure proper depths are maintained. Please do not permit children to use this climber until surfacing has been tilled based on manufacturer instructions or refer to section 9.3.3 in the Operator manual which recommends 30 cm pea gravel. Please advise when this has been completed.

50(2) The operator of a licensed facility shall inform the parent or guardian of a child involved in an incident on the day the incident takes place and shall ensure that the parent or guardian signs the daily log to confirm their awareness.	50(2)	Sep 29, 2023	
Comments: Licensing staff observed an unsigned incident report in the afterschool program room. It was dated September 15th and parents should be signing the report the day of the incident so they have been made aware. Please email a copy to me for verification that the parent signed the incident report form.			

General Comments

This is a follow up monitoring visit performed.

Upon arrival all children were in the outdoor play area. A beautiful morning to be outside. Children were sliding and climbing, driving ride on cars, playing in small groups. Educators were engaged with children and supervising children while outdoors.

Please see comments above regarding outdoor play area. I also recommended the small climber be moved to the protective surfacing area.

Children were observed coming indoors, supervised while toileting and washing hands before sitting down to eat lunch. Educators were observed assisting children with putting on indoor shoes, opening lunch boxes and food packages from home, speaking to them kindly. Licensing staff heard staff say "no thank you please, use our indoor voices, do you need help, do you need privacy.

Most children nap and were observed going down for a nap. Soft music was turned on. The older preschoolers played quiet activities. They also picked fresh vegetables from the garden. Children were excited to show me their finds.

Licensing staff observed new tables and chairs for all the classrooms. A nice find indeed.
