Comments: This was corrected from previous visit but noted in another child's file. Please ensure children have their immunization record or waiver prior to beginning care.	47(1)	Nov 29, 2024	

General Comments
Items in the outdoor area have been repaired and updated, the fence has been repaired, the boards around the play structure replaced, and the boards on the school age climbing wall structure replaced. The outdoor area is large and allows the children to run, throw and kick balls, and drive bikes with their friends. The children were given the support and encouragement to get ready to go outside today and enjoyed playing with one another on the playground. Children sit with one another in the main room to have lunch which the director helps prepare while children are coming inside. The children engage in lots of conversation with one another over the lunch hour.
