General Comments
The children were in the outdoor play space when I arrived. While outside the preschool children were observed drawing with chalk on the pavement, digging in the dirt and rocks, climbing on the play structure and going down the slide and riding bikes and l'il tykes cars around. The afterschool children were observed playing water balloon baseball, playing a card game and digging for worms in the dirt. While the children were outside the educators gave the children frequent reminders for the children to take water breaks. There is evidence of planned programming by monthly schedules and through webbing. Learning stories are posted throughout the facility. Please ensure that the fire extinguishers are serviced as they need to be checked yearly. There have only been two fire drills conducted this year. One was in March and the second was in May. Fire drills need to be conducted on a monthly basis. The children seem comfortable in the environment and familiar with the daily routine. Everything seemed to run smoothly sure the visit.
